

WAIKATO DHB DENTAL AGREEMENTS

Service Agreement for the Provision of Oral Health Services for Adolescents and Special Dental Services for Children and Adolescents

Oral Health Services for Adolescents and Special Dental Services for Children and Adolescents encompass a range of dental services to assist the maintenance of a functional natural dentition.

- a. Oral Health Services for Adolescents include preventive care, chair-side education and some treatments for oral disease and the restoration of tooth tissue.
- b. Special Dental Services for Children and Adolescents are those which support school dental services and include some treatments for oral disease, the restoration of tooth tissue, extractions and other treatments that are beyond the scope of a dental therapist and some treatment for children and adolescents who cannot access their regular oral health provider.

An Eligible Person for Oral Health Services for Adolescents comprises:

- adolescents from the start of school year 9 up to the day before their 18th birthday; and
- children, year 8 at school and under, who have been referred or released early from the school dental service as not being able to be treated by them due to medical or management reasons, and whose transfer has been approved by the DHB Approving Dental Officer.

The following dentists have an agreement with Waikato DHB to provide Oral Health Services for Adolescents and Special Dental Services for Children and Adolescents:
