

MEMORANDUM TO THE BOARD
12 AUGUST 2009

AGENDA ITEM 12

NAMING OF FACILITIES

Under the Naming Rights Policy the Board approves names of buildings.

We have two which need approval to allow signage and the preparation of promotional material to proceed.

The first is the Lions' Cancer Lodge.

Cancer Society and Lions do not want any formal association with the Cancer Lodge from 1 September 2010.

They will remove the plaque or reference to Lions at the appropriate time and reinstall it at the Braemar Hospital site.

The second is the new Emergency Department and the beds over Emergency Department.

Recommendation

THAT

1. The building now known as the Lions' Cancer Lodge be renamed Renal Services.
2. The building housing the new Emergency Department and beds on the next floor be named Acute Services.
