

WAIKATO DISTRICT HEALTH BOARD

Waikato DHB member

Sally CHRISTIE

The next three years are crucial in the provision of health services throughout the Waikato region. My long experience in health and social services delivery in the Thames Coromandel area and six years experience on the Waikato District Health Board gives me invaluable knowledge to influence strategies that will improve the health of all people living in our area.

The redevelopment of both Waikato and Thames hospitals are vital projects to enable appropriate secondary and tertiary services to be available for us all. Equally important is primary care which is delivered by a range of diverse providers as well as Health Waikato. The growing emphasis on health education and promotion is an exciting area to be focused on.

My experience, commitment to the community and a sound knowledge of governance principles equip me for the challenge of another term as a board member.

Conflict of Interest Statement

To the best of my knowledge I have no conflicts of interest with the Waikato District Health Board other than I am the manager of CAPS Hauraki which has a child and youth support contract with the Waikato District Health Board, I am a trustee of Hauraki Primary Health Organisation and Social Services Waikato and my husband Michael O'Donnell is employed by Workwise Trust. I may engage in consultancy work with social services NGO's which have contracts with the WDHB.
