

# WAIKATO DISTRICT HEALTH BOARD

## Waikato DHB member

---

### Jack Hilton HAVILL

I came to Hamilton in 1975 having completed my medical specialist training and was director of the Waikato Intensive Care Unit for 27 years. During that time we built up an excellent intensive care service, including the air transport service that has been so valued regionally.

From 2002 to 2004 I was head of the Waikato Clinical School where medical students do clinical training. I have been on many hospital and national committees and also on the board of the Joint Faculty of Intensive Care – the Australian and New Zealand body responsible for training intensive care specialists.

I have been an elected member on Waikato DHB since 2004 and bring experience from both the workforce and the governance system.

I bring a passion to see our public health system move further towards excellence.

#### Conflict of Interest Statement

To the best of my knowledge and belief, I have no conflicts of interest with the Waikato District Health Board at the date of my notice of consent to being nominated as a candidate for membership for the board of the Waikato District Health Board, and I do not believe that any such conflicts of interests are likely to arise in future.
